

Weekly Newsletter

Dear Parents / Carers,

This Week: Trees for Cities have been very busy installing the Queens Window Gardens and especially in the Reception and Nursery areas.

Volunteers are welcome on a Mucky Monday next week to shift soil in our newly built growing areas.

Tim Davies our artist in residence has spent the week with the juniors teaching the children to make magical Roald Dahl beasts out of willow. He will be working with our infants to create a forest next week. It is a pleasure watching pupils working in teams with such artistic flair.

British Council Connecting Classrooms: We have been lucky to have with us Mr Kenneth Neza a Headteacher from an all the way through school from 2 and a half to college in Rwanda. This is a relationship between our pupils, staff, Poplar schools and Churches. School council had a very in depth interview and Each class has written letters to go home to Rwanda with Mr Neza this week.

Pupils were very surprised by the class sizes and the size of the school, as well as having the cane at times whilst they thought having an all the way through school a fantastic idea.

Next week: Shoebox appeal: The children will bring a leaflet home today about Giving a child a gift at Christmas through providing a range of goodies identified in a shoebox. The box could go around the world and certain do's and don'ts are stipulated in the leaflet. If you would like to take part please try to bring your shoebox in by the end of the week. Thank you.

We shall be holding a minutes silence at 11am on Monday 11th November and the theme for worship next week is **Remembrance**.

Children in Need celebration is on Friday 15th November you can wear your pyjamas and if you would like to get your songs and jokes ready for a class talent show. All this for £1.00! If you are wearing pyjamas please put on a dressing gown on some form of other warm clothing as the temperature is predicted to be between 7- 15 degrees.
